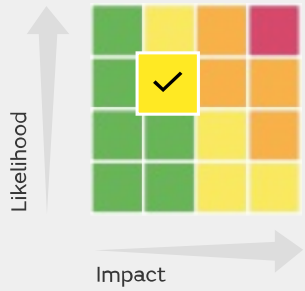
Hill snow in Wales on Friday.

What to expect

- Some roads likely to be affected with longer journey times by road and bus services

Further details

A band of rain, sleet and snow will move eastwards across Wales during Friday morning. There remains some uncertainty in the timing and the extent of any snow, but there is likely to be a few hours where 2-4 cm of snow could accumulate on higher level routes, this chiefly above 250 metres.



Medium likelihood of low impacts
